

Max Planck Institute for Human Development - Center for Adaptive Rationality

MAX-PLANCK-GESELLSCHAFT

The Center for Adaptive Rationality (ARC) is an interdisciplinary and international research group of psychologists, neuroscientists, economists, philosophers, biologists, and mathematicians. Our goal is to study how people and other living beings search for information in the world and in their minds and make decisions when circumstances give them little time to ponder their options and when cognitive resources are limited.

How can individuals and groups juggle the simultaneous demands of uncertainty, data scarcity, and deadlines—which are the rule rather than the exception in real-world decision-making?

Student Research Assistant

Server Administrator

City: Berlin; Starting Date: At the earliest possible; Duration: min. 6 months; Remuneration: about 12€ per hour; Closing date: 31/12/18

Task

Support administration of server farm.

Qualifications

Requirements (obligatory)

- Good English and German communication skills (spoken and written)
- Enrolment at a German university.
- New technologies excite you.
- See optimisation potentials and solve issues with own ideas.
- Independent, reliant and conscientious work attitude.
- Linux administration experience.
- Web server administration experience.

Requirements (optional)

- Windows administration experience.
- Application containerization (Docker) experience.
- Configuration standardization (Puppet) experience.

What We Offer

The center for Adaptive Rationality is investigating various aspects of judgment and decision making. We offer you the chance to participate in an international and interdisciplinary research team. Research assistants will be involved in research using behavioral, computational and/or neuroscience methods to study the developmental basis for decision making. The Max Planck Society is committed to employing more handicapped individuals and especially encourages them to apply. The Max Planck Society seeks to increase the number of women in those areas where they are underrepresented and therefore explicitly encourages women to apply.

Application

The deadline for submitting applications is December 31st, 2018. Please send your application electronically to **jakob@mpib-berlin.mpg.de** using the subject line „Bewerbung ARCSYS2018“. Your application should include the following documents in a single PDF document: (a) a short motivation letter, (b) CV, (c) school and further certificates.
